Community Chest Reaches Half-Way Mark Of \$88,579 Quota

House Drive's Early Reports Encouraging

COMMUNITY Chest reached the half-way mark in its drive for \$88,579 yesterday.

Announcement that the Chest drive had hit 50 per cent came on the heels of "highly encouraging and inspiring" reports from industries on worker-cooperation with the Chest.

House-To-House

Also, in the house-to-house or county division, Mrs. Claude Leister and Walter Wyckoff, co-chairmen, said that preliminary reports coming in to them had shown two things:

First—that worker morale in this year's campaign is excellent. Wyckoff and Mrs. Leister gave credit for this to a "marvelous" kickoff dinner meeting last Monday night and to the general determination of workers and captains to "do this job and do it well in a short space of time."

Second—workers have contacted some homes which have not been solicited before during Chest campaigns. In all these cases, Mrs. Leister said, the homeowners have shown an eagerness and willingness to give to the Chest once the contact is made.

Hard Workers, Good Leaders

Chest president Elton Hall said that these early results of the drive have shown the "clear fact" that there is no substitute for "hard work" in a Chest campaign any time and especially now.

Hall said that the current drive has had the great benefit of excellent leadership from Clifford Gilliam, campaign coordinator, and all the division heads chosen to work in the drive. This combination of "hard work and good leadership will pay off in the end with a successful campaign," Hall said.

On the industrial-labor front another industry reported 100 per cent cooperation in the Chest drive yesterday. This was Trumatic Machine and Tool Co. whose 80 employees backed the Chest without exception.

One of the most inspiring facts to emerge from yesterday's Chest results, however, was the indication that some of the plants which had been hardest hit by the flood were going right ahead with Chest contributions.

Cards Requested

Two of these plants were Worthington Mower and Stroudsburg Engine Works. Cards for workers were being distributed there this week. Many of the workers in these plants were thrown out of jobs for a period after the August flood. Many also live in flood-devastated areas.

John C. Rodewald, Worthington spokesman, said that many employees in that factory are making "substantial contributions" to this year's Chest drive. Announcement that the two factories were reporting employee gifts was made by Emerson Stanton and Walter S. Peeney, co-chairmen of the industrial-labor portion of the 1955-56 drive.

Added support came also this week in the form of a \$100 check from the Central Labor Union Club in East Stroudsburg. Stanton said that the \$100 check had been received at Chest headquarters. It was signed by Thomas Sexton, president and Edward C. Knob, secretary-treasurer of the CLU.

Dellaria Active

The gift was obtained by Paul Dellaria, CLU representative, who has been active in past Chest campaigns and is serving again in this one, Stanton said.

Workers in the residential division of the Chest drive are asked, again, to stay in contact with their captains in each community. A full report meeting will be held sometime in the near future. Announcement of the date of this meeting will be made by Chest headquarters, according to Ethel D. West, executive secretary of the Chest.

Russian In Jail Draws SS

WASHINGTON, Oct. 27 (UPI)—A native Russian who has spent most of his life promoting the Communist cause is drawing a monthly Social Security check from the U.S. government—while serving a three-year prison term for conspiring to advocate forcible overthrow of the government.

The man is Alexander Bittelman, 65, a founder of the Communist party in the United States. He was sentenced to the federal penitentiary in Atlanta in 1953 after conviction under the Smith Act.

ONE COMMUNITY—INDIVISIBLE. Workers at Trumatic Machine and Tool Co. added their full support to Monroe County Community Chest this week when they gave 100 per cent cooperation in the current Chest drive. Here the workers are shown gathered in front of the company plant at East Stroudsburg RD. Chest leaders said yesterday that labor's support in the drive is not only deeply appreciated but has been a source of inspiration on all levels in the campaign. (Staff Photo by Randolph)

Philippines Gain Strength In Fight

UNITED NATIONS, N. Y., Oct. 27 (UPI)—The Philippines picked up more strength today in the hotly contested race with Communist Yugoslavia for a U. N. Security Council seat, but after three ballots the outcome remained deadlocked.

Voting stopped in the General Assembly when the British, who are supporting Yugoslavia, won a 10-day delay on any final decision. The United States is backing the Philippines.

On the third ballot the vote was Philippines 32, Yugoslavia 24 and India 2. A two-thirds majority of 31 is required for election.

This was the 12th ballot taken thus far in an attempt to resolve the situation. When the voting ended last week the Philippines had 31 and Yugoslavia 27.

Sir Pierson Dixon, the British delegate, then proposed that the voting be postponed for 10 days, saying more time was needed for reflection on the deadlocked race.

Henry Cabot Lodge Jr., the American delegate, suggested that two more votes be taken. He said that "a trend had made itself manifest" in the morning's voting.

The Americans saw in Dixon's move a sign that the British had given up hope of electing Yugoslavia and would look for another candidate. A British delegation spokesman said later his country was still supporting Yugoslavia but as Dixon pointed out it was desirable to "leave the gate open for all possibilities."

There was talk that Sweden or India might be offered as compromise candidates. Sweden has consistently refused to be put in a position where its moves could be interpreted as taking sides in the East-West struggle.

State Rests Murder Case

YOUNGSTOWN, Ohio, Oct. 27 (UPI)—The state, after reading the defendant's own statement into the record, today closed its first degree case against Francis Horr, accused of killing waitress Rosemary Davis Hunter in a tavern last May 1.

Police took the statement from Horr shortly after he was arrested in Seattle, Wash., where he fled after the slaying.

Smog Halts Motorists

NEW ORLEANS, Oct. 27 (UPI)—Smog marooned hundreds of motorists and more than a million dollars in two armored car convoys on the eastern outskirts of this city between midnight and dawn today.

Godfrey Fires Simms

NEW YORK, Oct. 27 (UPI)—Arthur Godfrey dropped another of his TV performers today—Lu Ann Simms, petite singing star. She was the 20th member of his cast to go.

Laxness, Iceland Novelist, Awarded 1955 Nobel Price For Outstanding Literature

STOCKHOLM, Oct. 27 (UPI)—The 1955 Nobel prize for literature went today to Halidor Kiljan Laxness, a left-leaning novelist from Iceland. He is little known in the United States, though he used to live there and one of his books was a best seller there in 1946.

Laxness describes himself as one "who loves the Russians but practices a lot of the American way of life."

California Dreams

"I still dream of California when I really feel good," he told a reporter today in Goteborg, Sweden.

"I'm not a politician. I'm a literary man writing novels. I have been accused of three Cs—Catholicism, Communism and Capitalism. I'm no longer a practicing

U. S., Russians Vote For International Atomic Peace

UNITED NATIONS, N. Y., Oct. 27 (UPI)—With the United States and Russia voting together in favor, the U.N. Political Committee today called for the early creation of an international atomic energy agency for peaceful purposes. The vote was 53-0. The six Arab members of the U.N. abstained.

Russia, the United States and India buried their differences and approved a resolution which is certain to obtain final passage in the U.N. Assembly.

Arabs Abstained

Diplomatic sources said the Arabs abstained because Israel was a cosponsor of the resolution.

These sources added that when the resolution comes up in the Assembly it will be a committee recommendation without sponsors and the Arabs will vote for it.

This resolution endorsed plans of the United States and Allied atomic powers to hold a conference of all members of the U.N. and specialized agencies on the final text of a constitution for the agency.

The United States has circulated a proposed statute to all U.N. members and specialized agencies and hopes to have the agency operating before the end of 1956.

This would put into operation President Eisenhower's proposals of Dec. 8, 1953, to use the atom for peaceful purposes.

Beat Down Soviets

The committee beat down, 33-14, with 12 abstentions, a Soviet proposal to invite all states to the conference on the atomic statute.

Russia has been demanding in vain that at least Red China and East Germany should have a hand in the planning of the agency and in the agency itself.

The committee expressed satisfaction with the atomic conference held in Geneva last August and recommended a second conference to be held under U.N. auspices within two or three years. This conference would be held for the exchange of technical information.

The committee defeated, 32-15 with 10 abstentions, a Soviet proposal to invite all states to this second conference. This was another attempt by Moscow to include Red China and East Germany.

Huge Group

At last count, Oct. 31, 1954, there were an estimated 32,400 organizations on the list; several hundred have since been added.

Treasury officials and those of the Revenue Service said they could not discuss the matter at this time. However, an informed source said "at least the more controversial" cases are being examined.

A part of the controversy has been born of complaints that some organizations were getting what amounts to a "subsidy" paid by all taxpayers, while pushing efforts among taxpayers.

The law says tax-free status may be granted to religious, educational and charitable organizations whose activities are not substantially involved in "carrying on propaganda, or otherwise attempting to influence legislation."

Inefficient Cows Can't Be Tolerated

ST. LOUIS, Oct. 27 (UPI)—Looks like Bossie the cow is in line for a speedup.

The docile, cud-chewing creature may not realize it but she isn't producing enough milk these days.

"The majority of cows on dairy farms today are not good enough for the dairy farm of tomorrow,"

Dr. W. E. Petersen, University of Minnesota dairy authority, said today.

"Inefficient cows," he said, "cannot be tolerated."

Dr. Petersen, speaking before a session of the Milk Industry Foundation, predicted "an enormous increase in efficiency" in dairy farming will "double the milk produced per acre and increase by four times the amount of milk produced per man hour."

Bethlehem Has Record Income

NEW YORK, Oct. 27 (UPI)—Bethlehem Steel Corp. reported today record net income for the third quarter and the first nine months of 1955, as well as record production and shipments for the nine months' period.

The board of directors declared a dividend of \$11.75 a share on common stock, the same as in July, payable Dec. 1 to holders of record Nov. 7.

Chairman Eugene G. Grace told newsmen he is seeking an expedited court procedure on the proposed merger of Bethlehem with Youngstown Sheet & Tube Co. but has not yet received assurance from the attorney general that it would be expedited.

Although a veteran world traveler, Laxness has written mostly of the everyday lives of the people of Iceland. His best known book outside his own country is "Independent People," a novel published in Europe almost 20 years ago.

It was distributed by the Book of the Month Club in the United States in September 1946, and now is out of print in America. Two others have been translated into English, "Salka Valka" and "The Great Weaver of Kashmire."

"I hope they will leave me 10 per cent for brandy," he observed.

He was a strong contender for the prize the last two years, when it went to Sir Winston Churchill and Ernest Hemingway.

The Swish Academy of Letters in making the award cited "his vivid epic writing, which has renewed the great Icelandic narrative art."

Achterman Proposes Questions

DEMOCRATIC campaign chairman Leo Achterman last night repeated his charge that Monroe County's Republican administration has "borrowed" money to keep the government in operation and challenged the Republicans to answer four questions about the country's new tax equalization system:

One—How much was received for the \$52,000 expended on the program while it was being supervised by John B. Aicher? Two—How much mapping had been done under Aicher? Three—Why wasn't Aicher placed under contract at the \$50,000 estimate he originally gave for the "complete job of setting up the tax equalization system"? Four—Why didn't the Republicans accept an original low estimate of \$123,500 submitted by a reliable firm?

Achterman spoke at a Democratic rally in county courthouse. He quoted from a letter, dated June 9, 1955 from Aicher to the Republican administration, which he said read: "I believe that the work could be economically done by using regular, or part-time county employees, for all clerical work, and all technical assistance, exclusive of the necessary aerial surveys, maps, etc. would be my responsibility, which would include all field surveying, plotting, mapping, appraisal of real property together with a standardized permanent record system including cards, maps and indexes."

Quoted Minutes

Quoting from what he said was the minutes of the July 23, 1953 meeting of the "Republican administration," Achterman said: "Mr. Aicher set three years as a maximum time for completion of the job, which will include plotting of maps, appraisals and setting up cross index card system complete. He gave an approximate cost of \$50,000, exclusive of necessary equipment..."

"Yet there was no written contract, nothing on the record to tie that employee to his statements made in July, 1953," Achterman said. Achterman said that he is not opposed in any way to the tax equalization law. The fact that counties are required to set up the system by law is well-known, he said, but "my criticism is of the way the Republicans have approached it here."

Achterman told his audience that the Republican administration had negotiated for a loan from a local bank recently. Then, "within a day," he said, the county got payment of funds from the Commonwealth Fund, and the bank loan was cancelled without interest. He said they borrowed from the Liquid Fuels Tax Fund.

They were allowed to do this by law, Achterman said, but only if they "issued a certificate of indebtedness."

Inefficient Cows Can't Be Tolerated

ST. LOUIS, Oct. 27 (UPI)—Looks like Bossie the cow is in line for a speedup.

Already it is a subject of hot political debate. Secretary of Agriculture Benson, who has canceled an extensive European trip because of the farm problem, is flying out from Washington Saturday to confer with Eisenhower.

Dr. Gabriel Haage, Eisenhower's personal economic adviser said today Monday he was sure Benson would "discuss in some detail his ideas about additions" to the farm program.

Challenge

The dentist will be needed in January, the Pentagon said. The doctors will start duty during April. They will replace doctors and dentists who are completing active duty tours early next year.

The last draft call for medical officers was made in November 1954, when Selective Service was

permitted to their opposition to the governor's classified income tax.

Physicians, Dentists, Called

WASHINGTON, Oct. 27 (UPI)—The Defense Department asked Selective Service today to provide 297 physicians and 119 dentists for the Army in the first three months of next year.

The dentist will be needed in January, the Pentagon said. The doctors will start duty during April. They will replace doctors and dentists who are completing active duty tours early next year.

Already something of an outline of the message is beginning to appear.

The problem of sagging farm prices scarcely can be overlooked in the message.

Black Bear, White Bear Zoo Feeding

BUFFALO, N. Y., Oct. 26 (P-A) bear identified as Charles Black Bear, 12, was beaten and clawed to death today in what authorities described as a brutal battle with Henry Polar Bear in a pit at the Buffalo Zoo.

The judges were Mrs. John Early, Mrs. Elias Jones, and Mrs. Herbert Cole. All received refreshments.

But Curator Joseph A. Abbott said witnesses identified him as the assailant.

Abbott said an investigation indicated the slaying might have stemmed from a long-standing dispute between the two neighbors.

Hartranft Funeral On Saturday

FUNERAL services for the late William Franklin Hartranft, 38 of Stroudsburg Rd 3, will be held Saturday at 2 p.m. at Lanterman funeral home.

Rev. Harold C. Eaton will officiate. Interment will be made in Pocono Lake cemetery. Friends may call at the funeral home Friday from 7 to 9 p.m.

Hartranft's body was found late Wednesday night in a Paradise Valley hunting cabin. State police said he had hanged himself. Hartranft had apparently been despondent over an auto accident in which Ronald C. Holland, Stroudsburg, was killed. The accident occurred on October 17.

Resident 25 Years

Hartranft had been a resident of Monroe County the past 25 years. He was born in Lehighton, son of Mrs. Alda Hardy Hartranft and the late Andrew Hartranft. He was employed as an electrician and had served six months in the U.S. Army at one time.

Surviving are his wife, Almeta Stout Hartranft, at home; his mother; two brothers, Charles and James, both of Weatherly; two sisters, Mrs. Robert Doleiden, Weatherly and Mrs. Clayton Safford, White Haven.

Record High Earnings Reports, Big Dividends Hit By Market Selling

NEW YORK, Oct. 27 (UPI)—Trading attention was concentrated on a few leaders today in the stock market as the general level of prices subsided.

Reports of record high earnings flooding the news pages and declarations of the usual or higher dividends coming from all sides seemed to meet with disappointed selling all around. The selling wasn't heavy, but it was there at a time when many thought buying should be in order.

The Associated Press average of 60 stocks was off 50 cents at \$168.30, the third straight decline for the average. It was off \$1.00 yesterday. The industrial component of the average today was off 90 cents and the railroads were down 40 cents while the utilities advanced 10 cents.

There were 1,147 individual issues traded of which 389 advanced and 493 declined with 18 new highs and 22 new lows for the year registered.

Volume stepped up to 1,830,000 shares as compared with 1,660,000 shares traded yesterday. There was an increase in the pace of trading late in the day when selling appeared.

The market started mixed and then it gradually turned higher in

a moderate way. Most major divisions were ahead. In the final hour nervous selling appeared in Bethlehem Steel and spread to the rest of the market.

American Exchange

Prices on the American Stock Exchange were lower. Trading amounted to 670,000 shares as compared with 600,000 shares yesterday.

Corporate bonds were mixed. U. S. government issues traded over the counter were higher.

A Phone in the Game Room Means Added Convenience—Costs Less Than 3c a Day

The party's in full swing—and the telephone rings. Instead of dashing upstairs, you reach for it. It's just an arm's length away.

It's so practical to have additional telephones in your home. They save you hundreds of steps, permit

you to get there in time. Located in the working, playing and sleeping areas of the home, they provide greater convenience, privacy and safety for the whole family.

The cost is reasonable—less than 3c a day for each

additional telephone you have installed. Telephones in smart decorator colors and many other new Bell conveniences are also available. Make convenience the keynote of your home telephone service. Call our Business Office for details.

A kitchen telephone is especially handy when calls come in during breakfast, at lunch time, or in the midst of "coffee breaks" with neighbors. Additional telephones really take the run out of running a household!

Release Of Acheson Book Bad Timing

By J. M. Roberts
Associated Press News Analyst
DEAN ACHESON was one of America's great secretaries of state during a very dangerous period in its history.

Before that, he contributed importantly to some of the nation's most constructive policies, such as the Marshall Plan. He made a few mistakes. He also avoided a vast number which might have been made in a period of great uncertainty.

During his term America built up a foreign policy, the principal points of which were to prevent Russia from gobbling the world piece by piece, while developing the strength of the free world to where it could force a change in Russian strategy.

Right now that policy is being credited with putting a new face on Russian tactics, if not yet on her intentions.

While doing these things, Acheson was subjected to bitter criticism by many Republicans and some members of his own party. It was a time of uncertainty when differences of opinion were natural, and they were freely expressed. It would be superhuman to expect Acheson to forget.

But it was also a time in which the United States solidified her leadership of the Free World.

Acheson's stature in that world is very high.

It is, then, somewhat disappointing that he should choose this time, when even his own party is giving strong nonpartisan support to an American foreign policy fundamentally like his own, for partisan criticism, the dangers of which he knows so well.

It is particularly unfortunate that this criticism, however accidentally, should come at a moment when Foster Dulles is actively trying to take advantage of the "position of strength" which Acheson was so influential in building; when the President is ill, and it has been necessary for him to give written assurance that the Secretary of State has full power to speak for the nation in exceedingly grave negotiations.

Acheson has written a book. This is the season for publishing books on weighty matters, as well as the season for good Democrats and Republicans to be at each other's throats prior to election of a president. The book undoubtedly was under way before the Geneva conference was planned and will not appear until its end. Part of it consists of an attack on Republican conduct of foreign policy, and that part has been published in advance by Harper's, as frequently occurs when such men write such books.

Before going to Geneva, Dulles obtained what seems to be a virtual truce on foreign policy from Congressional leaders. Anything which indicates a serious rift in America at this moment does his cause, and that of the United States, no good.

Red Cross Turns Back Building To Fred Waring

THE WARING ENTERPRISE buildings at Washington and Crystal Sts., East Stroudsburg, center of American Red Cross flood relief activities as well as a shelter for a large number of families made homeless by the Aug. 18-19 flood, was turned over to Fred Waring, its owner yesterday.

John Hopkins, director of American Red Cross activities in East Stroudsburg, returned keys to the building to Mr. Waring in a brief ceremony during which he expressed the appreciation of Red Cross for use of the structure.

RENT FREE

The buildings were made available to American Red Cross by Mr. Waring rent free when the people of East Stroudsburg were badly in need of shelter.

The last two families moved from the shelter on Oct. 15.

Main floor of the space was used for caseworkers' activities. Interviews were held there on emergency phases of assistance and also for planning with the families their rehabilitation assistance.

Chief Burgess Jesse R. S. Flory of East Stroudsburg also extended his appreciation on behalf of the people of East Stroudsburg to Mr. Waring. He said Mr. Waring's act came at a time when the people of the community faced their greatest needs.

Small Game Season Shapes Up Saturday

THE SMALL game hunting season opens at 10 a.m. DST Saturday. District Game Protector John Doebling emphasized last night that the starting hour is "day-light savings time".

"Although we cannot predict the success of the season because other factors than the supply of game influence the harvest, a field survey this week of small game population in the county was very encouraging," Doebling said last night.

The game protector sized the situation up this way:

Cottontails were found in numbers comparable to last year except in areas devastated by recent floods.

Plenty of Ringnecks

The ringneck pheasant population is higher than last year. The kill should be very good.

There is little or no change in the fuffed grouse population since 1954. Wild turkeys have increased in the county and the hunting should be good. Squirrels are numerous and probably at an all time high over recent years.

All hunters are cautioned by Logan J. Bennett, executive director of the Game Commission, to observe the exact hours of the hunting day. For the opening day, hunters may get into the field at 10 a.m.; must stop shooting at 6 p.m. on the 29th. Beginning Oct. 31 hunting hours for native small game will be from 7 a.m. to 5 p.m. standard time.

Doebling issued a special warning to all hunters to observe strictly all rules of safety while hunting. Above all, Doebling said, hunters are warned not to fire in or toward areas which are or might be residential.

State Grange Favors Sales Tax Proposal

SCRANTON, Pa., Oct. 27 (P)—Opposition to Daylight Saving Time was contained in a resolution adopted today at the 83rd annual session of the Pennsylvania State Grange.

The resolution declared that the 1,000 delegates, representing 80,000 members in the state, reaffirm their "strong" opposition to Daylight Saving Time and "are additionally opposed to extending it during the fall school term."

The resolution, in condemning especially the month's extension of DST in most large eastern cities this year, warned that highway accidents are numerous enough without subjecting school children on the highways to additional hours of early morning fog and darkness.

The grange also reaffirmed its position favoring the state sales tax.

It recommended that the Eisenhower administration approach the farm problem, rapidly developing into a bolling political issue, commodity by commodity, rather than "attempt to correct all agricultural ills by any single program."

The annual meeting also took this position on other aspects of the national farm problem:

Recommended the use of a domestic parity plan for some of the basic crops.

Opposed further reclamation of agricultural land in the west at "great expense to the taxpayer when there is no need for putting that land into production with the present surpluses."

Urged the U. S. Agriculture Department to use the regional research laboratories to their "fullest extent" in research aimed at "developing industrial utilization of agricultural production."

Called for a revision of the tariff structure so that foreign nations may trade with the U. S. and get dollars they need to buy American produced food.

Urged that a thorough study be made by the Department of Forests and Waters of subsurface water resources in the state. The resolution said in some areas the draining of subsurface water for industrial use has lowered the water table.

The resolution reaffirming the farm organization's position on a state sales tax urged the lawmakers to "practice economy to the fullest extent and to provide the means for financing state projects on a current basis."

Sleep Combating Drugs Causing Fatal Accidents

BEDFORD, Pa., Oct. 27 (P)—Sleep-combating drugs have caused many serious and fatal accidents on the Pennsylvania Turnpike, the commander of the state police turnpike detail said today.

Capt. Singleton Sheaffer, commenting on a federal crackdown against the sale and use of sleep-combating drugs, by drivers, said accident reports show that some drivers were "victims of overdose of the drugs"

"You cannot stay alert and drive safely by substituting these or anything else for sleep," he emphasized.

"Doped" drivers, he added, often cause rear-end crashes even when their eyes are wide open.

A normal person can be aware of objects in almost a 90-degree arc while looking straight ahead.

OFFICERS ARE ELECTED at the annual fellowship supper and business meeting of the Monroe County Sunday School Association at Stroudsburg Presbyterian Church. Among those elected are (front row left to right) Warren Godshall, president; Mrs. Grant Keiper, leper work chairman; Rev. Harold Ulmer, program chairman; R. M. Pocono High Pupils Visit Planetarium

TANNERSVILLE — A group of 26 Pocono Township eighth graders visited Hayden planetarium and the Museum of Natural History in New York City recently.

The group left the school here at 7 a.m.; arrived at the planetarium at 10 a.m. They spent the morning at the planetarium; the afternoon at the museum.

Exhibits visited included those showing American Indians in a re-production of their natural habitat and life-like replicas of animals from all areas of the world.

The class left New York at 5 p.m. to return home. Pupils making the trip were: Alice Kresge, Connie Smiley, Jean Shaffer, Suzanne Lindstedt, Jane Starner, Joan Werkeiser, Beverly Hay, Ann Williams, Nancy Shaffer, Nancy Starner, Dora Rake, Thelma Kane, Patsy Stettler, Ronnie Werkeiser, David Brong, Dickie James, Duffy Slutter, Joe Parsons, Alan Strand, Ricky Pierce, Jerry Peetchatka, Ronnie Watson, Jerry Possinger, Billy Bewecker, Marty Zeek and Phillip Vishnesky.

Griffith Dies As Late Rally Fails

WASHINGTON, Oct. 27 (P)—Clark Griffith, the "Old Fox" of baseball, died tonight. He was 85. Griffith died at 9:40 p.m. EDT. News of his death was announced by Dr. George A. Resta.

Griffith, the president of the Washington baseball club and one of the game's best known personalities was unable to survive stomach hemorrhages and lung congestion although he had made a game fight for his life.

Griffith was put on the critical list at Georgetown University Hospital Oct. 22.

He had entered the hospital three days earlier for treatment of neuritis and expected to leave within a week until the hemorrhages set him back. Doctors apparently stemmed the bleeding but then he developed lung congestion. It appeared he might overcome that, but then he suffered a sudden relapse.

Under his direction the Senators had captured three American League pennants and one World series.

Ironically, the Senators finished in the cellar in the last of Griffith's 44 years with the club. That had happened only twice before since Griffith came to Washington as part owner and field manager.

Griffith took over as president in 1919 and shortly afterward turned over the coaching duties to others. Even in late years he continued to supervise club affairs, although much of the administrative burden shifted to a son, Calvin, as executive vice president.

At Griffith's bedside were his adopted son, Calvin, and his physician, Dr. Resta.

Funeral arrangements will be announced tomorrow.

An outstanding pitcher in his playing days, Griffith was elected to baseball's Hall of Fame in 1946.

It was as a pitcher that he acquired the "Old Fox" nickname which stuck with him. He won a total of 236 games and lost only 139—with craft as much as with his arm.

Organizer

While still playing and managing, Griffith helped organize the American League in 1901. That

Cavaliers Hold First Down Edge

WILSON BOROUGH — A blocked punt and an intercepted pass enabled Wilson Borough High's junior varsity to hang a 14-0 defeat on East Stroudsburg's yearlings here on the winning squad's home field yesterday.

An unidentified Wilson lineman broke through the visiting forward wall to block a punt by Don Miller in the first period. The home club took over on the Eastburg 30 and four plays later Ed Barr circled end for 10 yards and a touchdown. Paul Palmer added the extra point from placement.

East Stroudsburg did everything but score more points than Wilson, as the Cavaliers ran up an 11-5 advantage in first downs.

Threat

The visiting Cavaliers, coached by Del Davis and Mike Jacobella, apparently were on the way to a touchdown when Carl Smith fumbled on the Wilson two and the home team recovered the ball to halt what could have been the deadlock march.

Wilson was unable to inflict further damage until a Larry Smith pass was intercepted by Don Sigafoos, who raced 20 yards for the score with only three minutes remaining on the clock. Palmer again booted the extra point.

The loss was the third of the season for the Cavaliers, as compared with two victories. The Cavaliers have beaten Pen Argyl and Lehighton, while bowing to Bangor, Parkland and Wilson.

East Stroudsburg and Stroudsburg will clash at Memorial Stadium next Monday, at 3:30 p.m.

Lineups follow:

Lafayette Squad Ready

EASTON, Oct. 27 — Encouraged by their victories over Dartmouth and Bucknell in the last two games, the Lafayette College football team is ready for the important test with Gettysburg College at Gettysburg tomorrow.

Steve Hofuk, Lafayette coach, rates Gettysburg as one of the top teams the Maroon will meet this fall.

The Bullets' surprising 53-14 victory over Muhlenberg last Saturday gives them the edge in pre-game dope. Lafayette barely downed the Mules earlier in the season, 7-0.

Lafayette and Gettysburg each lost but one game this season, the Maroon to Delaware and the Bullets to Lehigh, both by close scores.

Feature

The feature of the halftime program will be the Smithfield band, under the direction of Paul Bartholomew, playing the "Notre Dame Victory March." The band has 55 members.

Jack Boushell, coach of the

Notre Dame squad, and Roger "Red" Hartman and Ben Hartman, co-mentors of Penn, are expected to stick with their usual lineups.

Undefeated Duke and Navy will

Almost Perfect Log

UNIVERSITY PARK, Oct. 27—

Though Gagliardi is brilliant as a passer, field general, and runner, possibly his strongest suit is ball-handling and faking, and he has directed Gettysburg's rushing attack this season to the point where it is among the eastern leaders.

Also tops as a defensive halfback, Gagliardi has recovered 10 fumbles and intercepted eight passes during his career. Proof of his value as Gettysburg's pro-type balanced-T quarterback is the fact that the Bullets have won 16 games and lost only five.

Triples

His Gettysburg career totals, with four games remaining, show 110 passes completed in 210 attempts for 1,759 yards and 26 touchdowns, and 388 yards rushing with another 11 touchdowns on the ground, for a total offense of 2,148 yards.

Nazareth Invades Bangor Tonight

BANGOR—Nazareth and Bangor High Schools, a pair of Lehigh-Northampton League football rivals, will clash on the gridiron for the 29th time here at Memorial Park tonight. The kickoff is scheduled to take place at 8.

Nazareth will enter the contest with a 13-10 edge in the record. Five of the previous games ended in deadlocks.

Bangor will be short on reserves in tonight's struggle, with five members out of action because of injuries.

Kermit LaBar, highly regarded tackle is still on the sidelines with a neck injury, while defensive end Keith Jones is on the

shelf with a fracture of the left tibia. Joe Campanaro, another end replacement, has a damaged

As if the situation wasn't bad enough, Coach Granville "Granby" Evans lost two other front line replacements with injuries occurring during practice this week. This twosome includes Lewis Martoccio, reserve tackle, injured left knee, and Bob Hill, reserve guard, slight shoulder separation.

Evans announced last night that he would go with his usual starting lineup. This means that Sam Heard and Anthony Ruggerio will handle the end assignments, while Jim Warrick and

Charley Woolley are at the tackles; Bob Butz and Dick Minicelli, guards, and Don Evans, center.

"Jabby" Williams will direct the team at quarterback, while Glen Heard is at left halfback and either Jim Freeman or Bob Finnell at right half; John Woodward, left fullback; Dale Miller will divide the fullback chores.

Miller and Freeman will back

up the line on defense, while Williams and Stenlake are the defensive halfbacks and Heard

handles the safety duties.

Nazareth will answer the starting whistle with Bob Mengel and Martin Rothrock at the ends; Don Spohn and Gerald Weiss,

tackles; Bruce Doyle and Francis Ferraro, guards, and Lee Fritchman, center. The visiting backfield will have either Marvin Keel or Bob Serfas at quarterback; highly rated Dick Dech, left halfback; John Woodward, right half, and Ray Douglas, fullback.

RILEY

By JIM RILEY

IT'S THAT TIME again. I mean the time when we lead with our chins while picking winners and losers on the local football front. Last week this corner hit three of four correctly and missed the fourth by the narrow margin of 23-20 as West Chester defeated East Stroudsburg State College. Last weekend's output, our most successful of the season, makes the record to date read a not-so-hot 11 correct and seven of the incorrect variety.

This week is no picnic, but we'll list our usual total of four games with hopes of improving upon our sagging average. The only game slated for tonight, an oddity in itself, is the Lehigh - Northampton League outing between Bangor and Nazareth, at the former's Memorial Park field. Our pick is Nazareth, but not without a few words of explanation. This is the contest where the Slates could find themselves again.

Bangor, picked as one of the pre-season powers in the Lehigh-Northampton circuit, has found the going rather tough on occasions this year. But, the Slates have the horses to beat any high school club on any given day and tonight could be the time. The charges of likeable Granville "Granny" Evans had a long two-weeks holiday and last Friday night's win over Coplay was nothing more than a workout. They could go all the way tonight, but Nazareth is sniffing the air in the direction of another champion and remains this column's choice.

Three local games are on the agenda for tomorrow. Stroudsburg High will invade Catasauqua, while East Stroudsburg High battles Hellertown, at Hellertown. East Stroudsburg State Teachers College plays the only home game and Kutztown Teachers will supply the opposition on Normal Hill. ESSTC will suffer a natural let down after playing so well in last Saturday's terrific battle with West Chester. But, the Warriors should have enough left to land their third victory in five outings. They should sidetrack Kutztown by a couple of touchdowns.

Stroudsburg High on the other hand runs into one of the two undefeated powers of the Lehigh Valley League when they invade Catasauqua. Catty should continue on its unbeaten way with a victory tomorrow, although the Mountaineers are taking shape once again after a wave of injuries which would upset any grid machine. Catty appears headed for a showdown battle with Northampton for the circuit championship on Thanksgiving Day.

We allowed the toughest choice on the list to remain until last, but as in life one can't sidestep problems for any great length of time. East Stroudsburg is fresh from one of its biggest football victories in history, a 13-12 nod over Wilson Borough, and is now ripe for an upset. The Cavaliers are virtually certain to be below the peak they reached last week, but I'll still put my four-leaf clover on Coach Jack Kist and company.

I pick East Stroudsburg with the hope in mind that they learned a lesson by an unexpected 14-6 loss at the hands of Lehighton recently, after the Cavaliers had scaled the heights with a 20-13 nod over Bangor the previous week. Hellertown, presenting a four-year team and two of the finest backs in the area, have run roughshod over virtually all opposition thus far this season. Tomorrow's host has suffered only one setback to date.

Hellertown is still a member of the baseball and basketball version of the Lehigh-Northampton League, but eliminated itself from the football division when it dropped Wilson Borough and Nazareth from its schedule. It appears strange that Hellertown should take such action this season, as this is the year that the veteran contingent could have gone right to the top, a roost now held by the championship hopeful East Stroudsburg Cavaliers.

The Lehigh-Northampton Football League is now composed of Bangor, Pen Argyl, Wilson Borough, Nazareth and East Stroudsburg. Well, there it is for another week. Four choices, each of which could just as easily be wrong as right. Football upsets have been cheaper than penny candy this season and the local scene certainly hasn't been conspicuous by its absence from the ranks of surprises. Although football season is in the home stretch, there is plenty of top-notch action still remaining on the local front.

Barrett Edges Pocono In Field Hockey Tussle, 2-1

Two Goals

CANADENSIS — Barrett and Pocono High girls battled in the first hockey match in history between the two schools yesterday and the Barrett contingent finished on the long end of a 2-1 count. The game was played on the Barrett field.

Pocono jumped into a 1-0 lead midway in the second period when Lois Strand, recently inserted into the game, scored from close range.

But, Elfreda Densche put on a one-gal show in the third quarter when she fired home two goals. The first goal came early in the period and the second in the fading moments of the quarter.

Otherwise the two teams featured defensive ability amid outstanding relations between the two schools.

Every player on both squads saw action in the game and the Barrett student body was excused to watch the contest.

Heath Quits Pilot Post

SAN FRANCISCO, Oct. 27 (UPI)—Tommy Heath resigned today as manager of the debt-ridden San Francisco Seals baseball team.

Damon Miller, president of the Pacific Coast League team, accepted the resignation.

For Sale

The club now is for sale. Hank Greenberg of the Cleveland Indians advanced an offer but withdrew it when the league showed signs of hesitance in approving. The Milwaukee Braves have shown considerable interest in acquiring the Seals as a farm club.

Mack Continues Recovery Mood

PHILADELPHIA, Oct. 27 (UPI)—Connie Mack, 92, today continued his "very satisfactory" recovery from a broken hip injury suffered last month, his doctor reported.

"Mr. Baseball" gets around in a wheelchair in his Germantown apartment and Dr. Hilarion Gopadze said he is "doing very well and doesn't complain at all about his hip."

Associated Press Scribe Picks Notre Dame To Scuttle Navy

By Will Grimsley

NEW YORK, Oct. 27 (UPI)—The list of major unbeaten and untied football powers should undergo some more surgery this week. We think it will be cut from six to five.

Navy is our pick for scuttling. Maryland, Oklahoma, Holy Cross and West

Virginia should win easily. Holy Cross will have a tough time with Syracuse, Michigan won't have a soft touch with Iowa.

Last week's score was 28-15, marking the season's mark 190-69 for .738.

Notre Dame 21, Navy 14: The Irish will be steamed up in this "Rockie Memorial" game, should stop the great George Welsh.

Michigan 44, South Carolina 6: The Terrapins have so much power they can't hold it down when they want to.

Oklahoma 38, Kansas State 6: The Sooners extend football's longest winning streak. K. State's homecoming holds down score.

Holy Cross 21, Syracuse 13: Syracuse has played Army and Maryland on successive weekends and will have little pep left.

Army 28, Colgate 14: The Cadets are back on the beam after losses to Michigan and Syracuse. Colgate reached peak against Princeton and Yale.

Pitt 28, Miami (Fla.) 21: Miami hasn't quite measured up to pre-season fanfare. Pitt has size and speed and home grounds.

Michigan 28, Iowa 21: The Wolverines will be out to regain No. 1 place in the poll.

West Virginia 21, Marquette 6: Gonsalves from the mountain still ride high, but look out for Pitt ahead.

The others:

EAST—Cornell 28 Columbia 7; Harvard 21 Bucknell 6; Penn State 34 Pennsylvania 9; Princeton 20 Brown 20; Villanova 19 Richmond 6; Yale 21 Dartmouth 13.

East Stroudsburg Junior High Plays Host To Pen Argyl Today

Cavaliers Seek Third Straight Win

EAST Stroudsburg Junior High School will go in search of its third straight football victory without a defeat today when the youthful Cavaliers play host to Pen Argyl Junior High at Memorial Stadium. The kickoff is listed for 3:30 p.m.

Coach Doug Schoonover's East Stroudsburg charges have hung a pair of 19-6 licks on Hackettstown Junior High in their only two outings to date.

Schoonover announced yesterday that he would start practically the same team that faced Hackettstown, although Zateeney will get the call at center this week.

Otherwise the line will have Jim Wagner at left end; Bob Prescott, left tackle; "Pop" Patella, left guard; Mahlon Lee, right guard; Foster Ladlee, right tackle, and Bill "Bones" Hillman, right end.

Backfield

Bob Herman will direct the Cavaliers from quarterback, while John Hindman runs out of the left halfback post and Vic Aylgin from right half. Joe Steele is the starting fullback.

Other members of the East Stroudsburg squad almost certain of seeing action today are Alex Sydnek, Don Cramer, Tom Fuller, Vaughn Howe, Dave Smith, Dick Mosteller, "Slim" Hawk, Pete Triebel, Ray Uhl, Denny Patti, Roland Gartner, Fellman, Rousier and Brinker.

The Cavaliers will tangle with Pen Argyl again next Friday when the two clubs clash at Pen Argyl's Weona Park.

Medalist Eliminated

PINEHURST, N. C., Oct. 27 (UPI)—Fred Schultz, 55, from Evanston, Ill., upset medalist C. D. McAllister of Orlando, Fla., 1 up on the 21st hole here today in the quarterfinals of the North and South seniors golf tournament.

Advancing with Schultz into tomorrow's semifinal round were J. W. Roberts of Columbus, Ohio; C. J. Farley of Grand Rapids, Mich., and B. J. Kragg Jr., of Titusville, Pa.

Finals

The 18-hole final will be held Saturday over the shortened, 4,902-yard Pinehurst Country Club course No. 2. The seniors field is limited to golfers over 50.

Krafft, the local favorite, scored a closely contested 3 and 1 decision over E. F. Quittner of Jenkintown, Pa.

The league season will open Friday, December 9. An official schedule will be released in the near future.

Possibility of taking part in a pre-Christmas Tournament was also brought up for discussion.

Barrett opens its season on Thursday, December 1, at Newfoundland, against Greene-Dreher-Sterling.

Two Places Listed For Tickets

TICKETS for the Booster Night football game between Stroudsburg and Slatin High Schools at Gordon Giffels Field will go on sale at two places of business beginning Monday.

Local fans may purchase their tickets at Community Jewelers and Rea and Deric Drug Store.

Included in the list of 20 will be Sterner, Jake Lear, Jack Kist, Joe Whalen, Jerry Palala, Harry Werkeiser and many others.

Insertion

Prezal inserted an oral screw, drove it between Six's jaws, opened them, got his tongue back into position, and Six regained consciousness.

An oral screw is a plastic device resembling an oversized corkscrew, regarded as a "must" piece of equipment for trainers in rough sports.

Some 15,000 homecoming fans in the Kent stands had no knowledge of the near-tragedy.

Marshall was defeated by Kent 39-6.

Dark Keeps Hopes High

DENVER, Oct. 27 (UPI)—"Till report for spring training ready to go next year," Al Dark, New York Giants' captain and shortstop, said here today.

"The first throw I make next year will be the one they'll look at to see how my injury has healed," he said in an interview.

Insertion

The meeting is scheduled to be held at Palmerston High School and will be directed by Dr. Frank P. McGuire, commissioner of all PIAA officials.

Every basketball official in District 11 must attend a pre-season interpretation meeting. Failure to attend these gatherings means loss of officiating license.

It was also decided that January 31 should be left open for makeup games.

Openers

The league season will open Friday, December 9. An official schedule will be released in the near future.

Possibility of taking part in a pre-Christmas Tournament was also brought up for discussion.

Barrett opens its season on Thursday, December 1, at Newfoundland, against Greene-Dreher-Sterling.

County Loop Plans Season

TANNERSVILLE—The Monroe County League, during a recent meeting here at Pocono High School, decided to continue the practice of playing three rounds of basketball games again this season.

It was also decided that January 31 should be left open for makeup games.

Openers

The league season will open Friday, December 9. An official schedule will be released in the near future.

Possibility of taking part in a pre-Christmas Tournament was also brought up for discussion.

Barrett opens its season on Thursday, December 1, at Newfoundland, against Greene-Dreher-Sterling.

Wallace Store Functioning; Florsheim Promotes DeSanto

JOSEPH WALLACE, owner-operator of the Wallace Hardware store at 427 Main St., Stroudsburg, one of the Main Street establishments to suffer flood damage, has completely cleaned and improved the store.

The business has been restored to service of the clients in this region for some time.

Complete line of hardware, fixtures, sporting goods and general hardware store merchandise is stocked.

Paul J. DeSanto, son of Mr. and Mrs. Paul DeSanto, of Mount Pocono, has been named assistant general merchandising manager of Florsheim Shoes, Inc., Chicago, Ill.

Mr. DeSanto is a graduate of University of Scranton. He is a veteran of World War Two, having served with U. S. Marine Corps. Prior to his present assignment in Chicago, he was assistant general merchandising manager of Florsheim Shoes, Inc., of New York City.

An instant nonfat dry milk, with the true flavor and protein food value of fresh milk, is being introduced in local stores of A&P Food Stores, it was announced today.

The magic milk crystals, so soluble they dissolve instantly even in ice cold water, are made with a new process developed by a research team at the White House Milk Company, Inc., Manitowoc, Wis., a subsidiary of the nation's foremost food chain.

Researchers said the new process eliminates various preparation and taste problems involved in home use of nonfat dry milk products.

The new process will enable the three-quart size package to be retailed at a cost of under eight cents a quart, or less than half the usual cost of fresh whole milk.

The product is fresh, pasteurized milk from which the butterfat and water have been removed. Company researchers said it contains the same amount of protein, calcium and other minerals, milk sugar and B vitamins as fresh milk.

Pro forma consolidated earnings of Pennsylvania Power & Light Company (including earnings of the former Pennsylvania Water & Power Company prior to June 1955, restated on the basis it was actually merged on June 1, 1955) and its subsidiary, The Scranton Electric Company, accruing to the common stock of Pennsylvania Power & Light Company for the twelve months ended September 30, 1955, were \$18,012,724, equivalent to \$3.05 per share of common stock outstanding at such date, as compared with \$16,964,489 or \$2.90 per share on the same pro forma consolidated basis for the twelve months ended September 30, 1954.

Pro forma consolidated revenues for the twelve months ended September 30, 1955 were \$120,211,777, an increase of 7.4 per cent over the pro forma revenues for the previous year.
